

ch.zhaw.ba10_bsha_1.graph.GraphMLPullParser.handleText

```
graph LR; A[ch.zhaw.ba10_bsha_1.graph.GraphMLPullParser.handleText] --> B[ch.zhaw.ba10_bsha_1.graph.Node.setCharacter]; A --> C[ch.zhaw.ba10_bsha_1.graph.Node.setLabel]; A --> D[ch.zhaw.ba10_bsha_1.graph.Node.setTester];
```

The diagram illustrates a central node, `ch.zhaw.ba10_bsha_1.graph.GraphMLPullParser.handleText`, which is highlighted with a gray background. Three blue arrows originate from this central node and point to three separate nodes on the right. The top node is `ch.zhaw.ba10_bsha_1.graph.Node.setCharacter`, the middle node is `ch.zhaw.ba10_bsha_1.graph.Node.setLabel`, and the bottom node is `ch.zhaw.ba10_bsha_1.graph.Node.setTester`. All nodes are contained within rectangular boxes with black borders.

ch.zhaw.ba10_bsha_1.graph.Node.setCharacter

ch.zhaw.ba10_bsha_1.graph.Node.setLabel

ch.zhaw.ba10_bsha_1.graph.Node.setTester
